

# *Demystifying the SAT*

## *Bright Futures Program*

*Ft. Pierce, Florida*

*3120 N. Hiway A1A*

This course has been offered since 1997. Former students have been admitted to top-tier universities across the United States (e.g., the Ivy League, MIT, Hopkins, and Stanford) as well as throughout Florida and received millions of dollars in scholarships. This program was developed and taught by Bob Alexander who has now trained experienced, excellent teachers to provide the instruction while he oversees the distribution of the program throughout the Southeastern US.

The key to success is that the more you practice, the better you will do. Therefore, class time is focused on practice, practice, practice. You will be introduced to Bob's insider strategies, tips, and tricks by watching videos as homework. When you come to class there will be a brief review of the video. However, you will spend the vast majority of class time practicing applying strategies, tips, and tricks using **actual** SAT and ACT test items. Bob will look over your shoulder, identify your weaknesses, and teach you how to raise your score.

You will receive Bob's *Demystifying the SAT and ACT: Anytime, Anywhere* online course the student manual in pdf format, and access to Bob's website maxthetest.com. You must provide *The Official SAT Study Guide* and print the pdf file: *Demystifying the SAT and ACT*.

You must provide: pencils, highlighters, calculator, 3-ring binder, 3x5 note cards.

Contact Bob Alexander for further information and to reserve a seat (first-come, first-reserved):
